
Vol. II December 5, 1947 No. 5

DRIVING COURSE SOON

Mr. Mekvold has announced that we have just received an assignment for an Official Dial Driver Training Car from the Traffic Engineering and Safety Department, American Automobile Association, Washington, D.C.

We are to get this car from the Rogue River Chevrolet Co. at Medford as soon as it is available. Our assignment covers the period between November 25, 1947 to May 28, 1948.

You will recall that a student driver training course was announced at registration. Mr. Webb went to Portland last summer to take the special instruction course. Mr. Mekvold had taken the course before coming to this state and has taught the course in other states. Class instruction work will start immediately.

Although some may have indicated at the time of registration that they wished to take the course all those still interested in taking the course should come in during a vacant period and re-register for the course. Tentatively there will be a registration fee of three dollars to cover maintenance and insurance.

(con't next issue)

GRADE PLAY CHOSEN

The operetta, "The Magic Christmas Bell", has been chosen by the grade school as the main feature in their Christmas program to be given Dec 17, at 8 p.m.

Grades one through six will take part in the operetta. The seventh and eighth grades will be featured in additional chorus work.

Programs will be made soon to furnish further information about the operetta.

The program runs into a tremendous amount of work, because of the elaborate costuming connected with it. However, it was said that the mothers are being especially cooperative in helping made these costumes.

SENIOR PLAY COMMITTEE

In contrast to what the cast hopes will be a brilliant production complete with a record crowd and perfectly performed acting, are the long and tiring hours of play-practice which have been marked by forgotten lines, incorrect entrances and exits, and a hundred-and-one other incidents. The play cast have been running a close and tangled schedule with football games, basketball practice, and night work on the ROGUE RECORD.

The band, and chorus under the direction of Miss Virginia Loomis, will provide special music during the intermissions.

To Mr. W. Beck goes the credit for doing an excellent job in changing the stage to conform with the requirements of the play. All that hammering and sawing that you may have heard durng the past weeks has resulted in a completely re-finished stage, which is truly commendable.

Mr. A. E. Jones is directing members of his art classes in paintings that will be used for back ground material. Painting of the stage will be taken care of by Ray Hart, Bill Hoyt, Roscoe Hargitt, and Harvey Wolfe.

Harvey Wolfe will have charge of the lighting system to be used during the play. The stage manager is Edward Diehl.

Ada Mae Ross is the prompter, and assistant stage manager. Ushers will be Edith Thompson, Evelyn Burk, Shirley Smith, June Milton, Ellen Beukemia, and Bebe Fields.

In charge of the publicity, tickets, and programs, are Bebe Fields, Betty Boulter, Edith Thompson, and Clarence Zaitz.

Members of the prop committee are: Bill Jensen, Ray Hart, Edith Thompson and June Milton.

1st Communist: "Nice weather we're having
2nd Communist: "Yes, but the rich are having it too.

STUDENTS IN CRASH

Ken Moore, Gladys Bennett, and Ken's cousin, Herbert Roeser, of Portland, all suffered injuries when the car Ken was driving ran over the bank on the Pacific Highway, Friday night, November 28.

Ken was trying to pass another car in front of Fred's Camp when the driver of the other car made a turn into the driveway without signaling. Ken was forced off the road.

He received a broken nose. Gladys suffered from torn ligaments in her left shoulder and from a bruised forehead.

Published bi-monthly by the Journalism class of Rogue River High School.

This paper is published for the purpose of informing the community of school events; interpreting school news to students; and to offer an opportunity in journalistic writing to journalism students.

WHAM! JUST LIKE THAT

One day I walked down the long and rugged stairway to the Journalism room, or more properly, the "newspaper office," and when I opened the door, I was immediately transformed from an ordinary typist to an editor.

Wham! Just like that! One minute I'm a typist and the next I'm the editor of the ROGUE RECORD. What does it feel like to become an editor all of a sudden?? I really don't know. I am still trying to recover from the initial shock. After all, my limited knowledge of what goes on between editions of the paper didn't give me much to go by.

Luckily, the regular editor was still here to coach me on the fundamentals, so that the paper will at least bear some resemblance to a regular issue.

Now that it is all over, I find that it wasn't as bad as I at first expected, and I guess I'll live normally yet. I hope this paper meets with your approval, because I surely had a hard time meeting with the paper.

SUBSTITUTE EDITOR

Pat Hall, regular typist for the RECORD, is serving as acting editor of this issue of the ROGUE RECORD. She was appointed to this post by Mrs. Le Roy, faculty advisor, and Clarence Zaitz, regular editor.

The substitution was made because of the fact that the regular editor will be attending a conference of high school newspaper representatives at Eugene on the date of publication.

Take It From Me.....

Do you, when you get your report card, resolve to be good and study in all of your classes? Do you, after making these resolutions, find yourself kicked out of some class because you tried to have a little fun? You do?? Well, don't let it worry you, I do that too.

But I think I have a solution to the problem of having to face the principal in order to get back into class. The easiest way would be to get a green slip from someone that was absent the previous day. After that, it would be an easy matter to copy the signature onto the previously obtained blank green slip.

But don't make the mistake of going back to class the same day you are kicked out. Oh no! After all, why not get some fun when you have the chance.

The next day, don't tell the teacher that you have an excuse. See if you can get back in without having the excuse, then you can use it some other time.

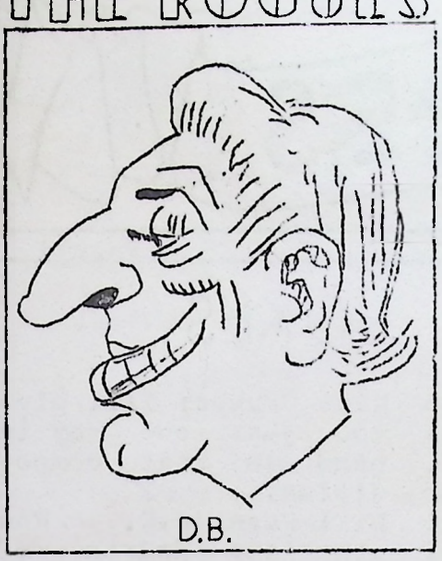
What? You mean he won't accept the excuse??He says it's a fake? Oh, you're going to the office, eh?

WAIT A MINUTE, BUB, I'VE ALREADY GOT AN APPOINTMENT.

The wise student is one who gathers a little information each day making sure he understands the key points of his work. Then when it is time for the examination all it takes is just a little review and the full satisfaction of having done a good job with the least amount of effort is realized.

THE ROGUES GALLERY

—BY NIXON



STUDENT CARICATURES

When Bobby Nixon recently drew a group of pictures representing his various class mates, they were met with high approval by everyone.

The staff of the RECORD decided to publish some of the pictures.

Please don't take these caricatures too seriously, as it is all in fun; and don't be too surprised to see your picture on this page some day.

— — — — —

"Why are you late this morning, Hicks?"

"I squeezed the toothpaste too hard, and it took me half an hour to get it back into the tube."

HEALTH EXAMINATION

Section 111-2905, of the Oregon School Laws for 1946, makes it mandatory on all school boards in the state of Oregon to provide for the health and physical education program which includes a physical examination of pupils.

The Jackson County Medical Association has voted to do the necessary physical examinations so that we are assured of getting dependable physical and health information from these examinations.

Only the pupils in the first and ninth grades are to be checked. Those pupils who have already had adequate physical examination or who prefer to go to their family physician, and those who present requests (next column)

to be excused from such will be left off the list. that is to be made.

For a thorough check the costs will run approximately $2.00 per pupil. The school board will be billed for the services of the doctors.

Schedules of examinations will be provided so that the teachers can be notified of arrangements, and can keep pupils, parents, and the school board informed.

ZAITZ WRITES

When Jim Davis was asked what his ambition was, he replied, "Little, and none on Sunday."....We have heard a lot about D. N. flirting with the men teachers. What, no better grades!....V.B., one of my faithful sources of information, has devoted most of her time now thinking of "Bashful Bill", McGregory. Ah, for once we have something on her.....And in the library, it seems that J.H. and B.E. (the football hero!) have a crush on each other.....Can you read this following bit of "English." You may not realize it, but many people do speak this way. "Seville, dere dago. Tousen bazis inarow. No, demis truks. Bots inem? Kowsin dux." Doesn't seem to make sense, does it? Just read it a few times,and you'll ketch on. .....E.D. is telling quite a few of us that D.W.'s lipstick DOESN'T come off. Now, how could he know a thing like that?....You notice that picture that Joan Klith has been sporting around recently? Can hardly recognize our old classmate, can you?.....I'll bet Pat Kile was thrilled to the fullest when she found that her true-love had returned for a short leave. Can't blame her, can you? After all, it's not every day that you meet someone that's so far away.....Well, now even the telephone company keeps track of our boys,and their conversations on the telephone. An hour and fifteen minutes, he said. Now, what boy around here would rather talk to his girl that long than to get his father home on time?.....And do you remember when,during the program, it was announced that the 7th and 8th grades were going to enter? Why,we didn't know that Martin Jones and Jim Addington were that far back.....Ooops! I'm running on close schedule now, so I'll have to leave you so that I won't be left by my bus.

JOKES

Miss Grubbs: I'll give you just one day to hand in that composition.
Bill Bean: O.K. How about the Fourth of July?

He: Honey, I've brought something for the one I love best. Guess what?
She: A box of cigars.

Cop: "How'd you get that flat tire?
Ken Moore: Ran over a milk bottle.

Papa: "Come here,Herbert, and tell me what you learned in school today."
Herbert: "I learned to say 'Yes Ma'am,' 'No, Ma'am,' 'Yes Sir' and 'No Sir'.
Papa: "Oh, did you?"
Herbert: "Yeah."

3. Money
4. Good physique
5. Flashy car
6. Money
7. Nice clothes
8. A streamlined car
9. Money
10. Money

Reckless Willie Rides Again

List of revised driving rules written Wreckless Willie

1. Never drive slower than 60 if you want to avoid rear-end collisions.

2. Always drive in the middle of the road. (This will prevent speedsters from passing and will also scare on-coming drivers so badly that they will give up driving.)

3. Never pass a car on a straightway. (This takes all the thrill out of passing on curves and narrowly missing freight trucks).

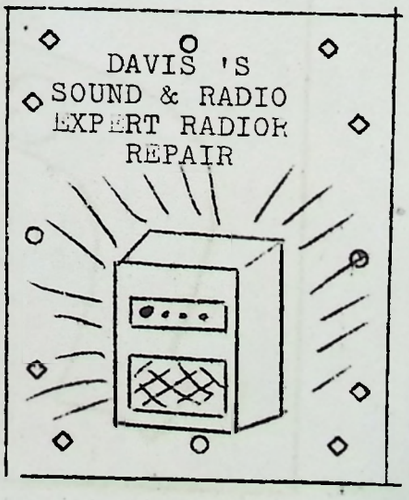
4. Brakes are not necessary as you are usually going too fast to stop anyway.

5. If you don't happen to own a car and want one just jump in the first one you see. The owner probably won't care and besides there is a fifty-fifty chance he is smaller than you.

6. When the fellow in the car behind you starts honking his horn, don't pay any attention. It's probably some Joe that just got a new horn and is trying it out.

7. When approaching a stop sign just speed up a little, there is half a chance of making it all right, but if you don't you'll never know what happened.

8. The conventional car now is usually a hopped up model made between 1925 and 1935 with no fenders, muffler or hood and painted with any color of paint that can be found.



1st

The first grade room has completed a table of the pilgrim village. We are also learning Christmas songs for the Christmas program.

1st and 2nd

Our room made an Indian village. We made two piece pilgrim boys and turkeys.

2nd

We are beginning to read "In New Friends and Neighbors. We are also working on our Christmas songs.

3rd

We are reading the book, "Hans Brinker and the Silver Skates. We are starting to learn how to write letters in proper form.

Betty: Tell me honestly have you kissed other girls?
Jim: There's no use lying, of course.
Betty: Then go ahead, I just didn't want you practicing on me.

GRADE NEWS

4th

Our room is all excited about the "Good Behavior Contest." There are two thermometers on the board, one for each half of the room. Each time a member of a group misbehaves a mark is made in one of the divisions of the thermometer. When ten marks are made the division is colored in. When all the divisions are colored the thermometer reaches the boiling point. The one to reach the boiling point first loses the contest and has to give the other group a party.

6th

The students from our room are the cowboys and Spanish group in the Christmas program.

We are working on a mural in science on the order that living things appeared on the earth. We are also making illustrated booklets in geography on some of the southern states..

7th

Robert Marshall is out of school with appendicitis.

A Scotchman, hearing that the English had dropped the Gold Standard, excitedly asked "Where?"

MISS GRUBBS ATTENDS CONFERENCE

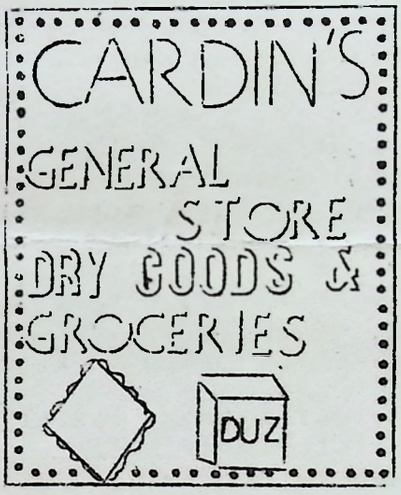
The thirty-seventh annual meeting of the National Council of Teachers of English held form November 26 to the 29 was attended by Miss Laura M.Grubbs English teacher at the Rogue River High School. The convention was held at the St. Francis Hotel in San Francisco.

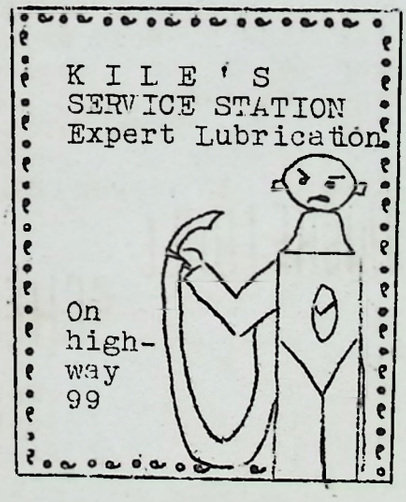
"Realism in English Teaching from Kindergarten Through High School" was the theme of the convention. There was an attendance of approximately 5,000 English teachers from all parts of the United States.

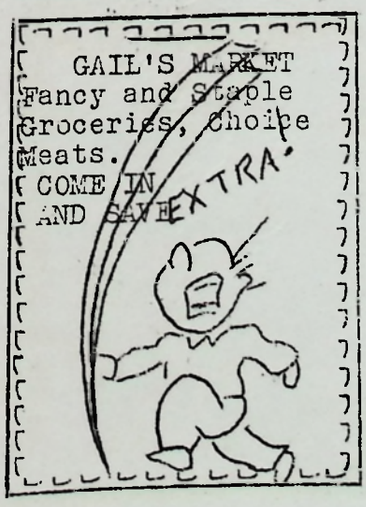
As an added event, sight-seeing tours to the most interesting places of San Francisco were taken. Miss Grubbs stated that she enjoyed the trip immensely and that the weather was ideal throughout her stay.

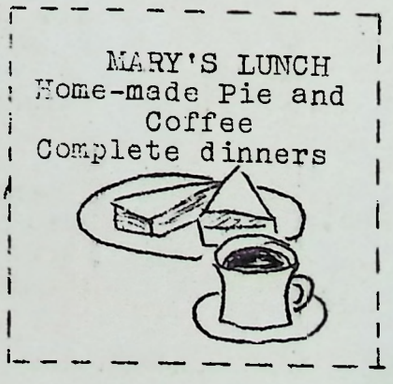
Three of the high school teachers have had birthdays in the past month. A couple of parties were given in their honor.

The three teachers are: Mrs.Stockman (who refuses to tell her age), Mrs. Miller (who had to bake her own cake), and Mr.Grosenbach (who insists that the day on which his birthday was celebrated was not his birthday and demands that another party with ice cream and cake be given for him again when his birthday does come around).









SPORTS

ROGUES SWAMP EAGLES

Rogue River's basketball season started off with a bang this year, with practice games with Eagle Points' A and B teams. The final score of the B team was 36-26, Rogues being the victor. Eugene Cummings, B team guard for Rogue River, was high scorer with 10. Glen DePuy ran a close second with nine. High man for the Eagles was McIntyre with 12 points. Starting line-up for this team was: Eugene Cummings and Jack Burk, forwards; Glen DePuy, center and guarding was Richard Osborne and Larry McBee.

Our A team was also victorious with a score of 53-14. With only a week of practice the Rogues still ran over the Eagles who were no match for our team even after four weeks of practice. High scorer for

CHAMPIONSHIP LOST

BOO HOO

The Rogue River Chieftains dropped their first game of the season when Pilot Rock defeated them 28-20 in a hotly-contested game at Washington Field, Pendleton, last Friday night.

Coach Webb said in an announcement made after the game, "I have no regrets whatsoever." He said that the team played their best, and he knew of no way that the team could have done any better--except by making a few more touchdowns.

The Pilot Rock team was a heavy, well-built team, who weren't as awkward as their size might lead one to believe.

The only injuries of the game were suffered by two Pilot Rock men. Harry Christensen, and Bob Sacrison, suffered minor injuries.

-- -- --

(continued from col.1) the Rogues was Bill Bean with 12 points. Paul Twiest was second with 11. The starting line-up for the Rogues was: Twiest and Bean, forwards; Purrier, center; and Stockman and Wales for guards.

The first conference game will be played on Tuesday with Jacksonville there.

BEAT J-VILLE !

Attend the first game of the season with Jacksonville, there. The team needs your support.

GIRLS SPORTS

At long last those drastic exercises which the girls have been turning themselves inside out trying to do, are over --that is until February, anyway. At that time they will again be put thru this commando course to see how much they have improved. At that time you will be hearing those moans and groans echoing thruout the corridors as they have in past days. Oh well! Peace until February, anyway.
